Dear Mark

I am pleased to advise that the Public School Review of Kenwick School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

Your school performance rating determined through your self-assessment submission and validated by the review team is 'Effective'. I acknowledge the efforts of you and your staff in creating the conditions for successful students.

I note the school's focus on the Positive Social Development methodology, which I understand is seeing the school take a relationships-based, data-informed approach to supporting and tracking student behaviour. This, alongside an increasing focus on student communication, reflects the school's desire to see more contemporary support of students. I congratulate you and your staff for your considered approach in this area.

The areas your school and the review team validated as being effective and those for which ongoing improvement is planned are noted.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely

Stephen Baxter
