

AT HOME EDUCATION PACK – Communication and Work Skills

Kenwick School is providing you with a personalised work pack to use at home with your child. This pack will provide you with online resources, as well as suggested activities for in the home, and personalised work that is given to your child when they are at school. Your child's Education is our main priority and we are providing this pack to ensure your child can continue their learning in the safety of their home if need be. We thank you for your cooperation with this.

If you have any questions regarding the resources provided please contact the school via email at Kenwick@education.wa.edu.au
